IS YOUR COMPANY STRUGGLING TO FILL AN INDUSTRY SKILLS GAP?

Opportunity Partnership — our customized training program — can get qualified new hires with the specific skills you need.

It's a win-win-win for all! Businesses get qualified workers. The schools get great results. Job seekers obtain skills and go directly into a job upon graduation.

Best of all, there's no cost to employers. New Jersey Department of Labor and Workforce Development grants cover the cost of training.

How Opportunity Partnership Works:

- You identify a skills gap.
- We connect you with a training provider or educational institution.
- You co-design the curriculum with the school.
- We present you with a pool of program applicants.
- You interview and select the participants.
- Graduates are qualified for entry-level positions in your company.
